

Nature's Reflections

PRODUCT INFORMATION

1. Product Description

Nature's Reflections **Luxury Solid Vinyl Tile** is in plank shape only. It is conceived and created with designs, colors, surface textures and "TUFFWEAR" Aluminum Oxide infused polyurethane finish to capture and duplicate the essence of natural wood formations. It is manufactured to combine elements of appealing patterns and colors with outstanding wear performance and limited maintenance requirements and is **100% Recyclable**.

2. Product Construction

Nature's Reflections **Luxury Solid Vinyl Tile** is value-engineered with a high-tech photo-graphic design printing film layer encapsulated by a durable, high density, crystal clear polyvinyl chloride wear-layer coated with "TUFFWEAR" Aluminum Oxide infused polyurethane for extra scuff and scratch resistance and a cross-plyed dimensionally stable vinyl-composition backing for an overall thickness of 2.0 mm or .080 gauge. It contains 70% Recycled PVC.

3. ASTM Qualifications

ASTM C-1028	Static Coefficient of Friction	ASTM F-2199-02	Dimensional Stability
ASTM F-510	Resistance to Abrasion	ASTM F-925	Resistance to Chemicals
ASTM F-1700 & F-1914	Indentation	ASTM E-662-03	Smoke Density
ASTM F-970	Static Load limit	ASTM D-2240	Hardness

4. Product Application

Nature's Reflections **Luxury Solid Vinyl Tile** high performance and limited maintenance requirements assure suitability for any degree of traffic and rolling stock load in any residential or light commercial setting.

5. Product Size and Packaging

Size: 6" x 36"
Pieces Per Carton: 24 Pieces
Sq. Ft. Per Carton: 36 Sq. Ft.
Weight Per Carton: 32 lbs.

6. Conformance Of Samples

The "same" color may vary slightly from one production run (batch) to another, but will always be within industry-accepted tolerance. Physical samples and printed illustrations can vary slightly due to limitation inherent in photography and printing technology.
